Dear Friends and Loyal Customers,

As we enter our 47th year in the business of supplying our community with the finest in spring plants we are facing difficult times but if we all act in a responsible manner, we will get through this. Rosemary, Dan, our devoted staff and I thank you for your support. In times like this your support of local business is more important than ever. Without your support we may not be here next year.

In an effort to make buying your garden plants from us quick and easy we will begin trying several new procedures at check out and plant ordering. Please work with us as this will be new and some problems may happen.

If you intend to purchase \$100 or more in plants, you can call us. We will try to have your order picked ahead of time and ready for you. Selection of different colors will be difficult, we will do our best where we can.

If you normally purchase \$150 or more in plants, you can call ahead, and we will try to make a special time for you to shop when there will be a greatly reduced number of people allowed in to shop.

This year for the first time we will accept CREDIT CARDS. The minimum purchase will be \$37.00. There will be a \$3.00 service charge automatically added to your bill to help us defray the additional costs involved and keep our prices low.

We will accept VENMO payments at MGH3863. No additional charges are involved.

PERSONAL AND COMPANY CHECKS with your phone number on them have been and will continue to be accepted.

CASH is our preferred way of doing business but times being what they are we want to accommodate our customers as best we can.

Below is our 2020 Retail price list for you to review. It is not perfect and from time to time we will make changes to improve it. Again, this is new territory for us, and your help is needed.

Thank you for your many years of support,

Chuck, Rosemary, Dan and our Staff

				638	BANANA TREE ENSETE MAURELLI	\$ 12.00
					The Ensete maurellii is also called Red Abyssinian Banana.	
					This is a huge ornamental plant with leaves up to 10 feet long.	
					The maurellii is a fantastically colorful plant with red leaf surfaces	
					and red leaf axils. Looks like it has been hand painted. Plant grows	
					to 18 feet in warm climates. In Zone 9 rarely reaches 8 feet. It is	
					very fast growing, but difficult to flower in northern climates. It will	
621					grow well in full sun to partial shade. Makes an outstanding focal	
					point in a large container or planted in the ground.

NAME: SPECIAL RETAIL SPRING 2020 PAGE 5 OF 7
PERENNIALS 2 gal pots

One of the few items we do not grow ourselves. These plants are in 2 gal pots and are Beautiful. Most all will be in color.

A great addition to any garden.

QUANTITY	ITEM	PRICE		QUANTITY	ITEM		PRICE
430	ASTILBE FANAL RHINELAND PINK Beautiful bloom clusters to provide lovely summer color in shady areas of the landscape. The tall, feathery, clear pink blooms rise above the mound of lush green foliage, adding a light, airy quality. Ideal for creating a graceful border, or a dynamic mass planting. Thrives in dappled or full shade. An herbaceous perennial.	\$ 12.00		448	LEUCANTHEMUM-SHASTA DAISY An outstanding dwarf form with long-lasting, large, semi-double flowers that rise out of a lush mound of coarse, dark green, disease resistant foliage in summer and again in the fall. The soft lemon yellow blooms age to a crisp white. Excellent for containers and sunny borders, with great tolerance to heat, drought, and humidity. An herbaceous perennial.		\$ 12.00
432	CATMINT NEPETA BLUE WONDER A sun-loving perennial with a long blooming time and large deep blue flowers it will grow best in a sunny spot. Keep in mind that even though it only grows about 12 inches tall it will respond well to cutting back 2/3 in July to promote re-blooming in August to summer's end.	\$ 12.00		450	LITHODORA GRACE WARD Beautiful deep blue flowers cover this wonderful sprawling groundcover. The slightly mounded form adds softness and color to the top of retaining walls. Works well as a rock garden accent, softly flowing between boulders. Performs best with some shade in extremely hot areas. Evergreen.		\$ 12.00
434	DIANTHUS This perennial produces excellent uniform flowers from spring thru early summer. They have a clove-like scent and grow about 6 to 8 inches in a full sun location.	\$ 12.00		452	PHLOX FOREVER PINK A very colorful addition to any perennial garden phlox will bloom in early summer and then again in early fall. They will grow 12 to 16 inches and have a slight fragrance. Besides enjoying sun to part sun they are easily cared for.		\$ 12.00
436	DEAD NETTLE: LAMIUM PURPLE DRAGON This superb choice forms a spreading patch of small silver leaves with a wide green edge. Clusters of deep magenta-purple flowers are larger than other varieties. These flowers appear in spring and will then continue off and on until fall. This perennial enjoys morning sun but after being established it is fairly tolerant of dry shade. It will only grow 6 to 8 inches and is not enjoyed by rabbits.	\$ 12.00		454	RUDBECKIA GOLSTRUM Also called black Eyed Susan. Among the best border perennials available. Plants make a bushy, upright clump with a profuse display of brown-eyed, golden-orange daisies from midsummer through the fall. While the plants are well rooted and strong they be small for early orders		\$ 12.00
438	HEUCHERA Heavy foliage marbled with green and cream color this Heuchera is a must have for the shade garden. An exciting feature of this hummingbird attractor is its flower shoots. These shoots appear early to midsummer. This perennial will grow 10 to 15 inches tall with average water needs.	\$ 12.00		456	SALVIA MAY NIGHT What a plant butterflies and hummingbirds love it, Deer hate it. Its drought and heat tolerant. Cutting flowers for bouquets encourages new flowers.		\$ 12.00
440	CREEPING PHLOX-FORT HILL Masses of dainty, deep pinkish-rose flowers cover the top of this mat-forming creeper for a long period. Creates a carpet of color for use as a groundcover, Tolerates some drought. Evergreen perennial in when cascading over walls.			458	STACHUS HUMMELO A stunning choice for the Perennial Plant Association's Plant of the Year 2019! They state "As trouble free and dependable as it is eye-catching", and we agree. A wealth of rose-lavender spikes all summer are particularly fabulous in massed plantings.		\$ 12.00
442	JACOBS LADDER HEAVENLY HABIT Fragrant, blue flowers is a unique feature of this perennial. It will grow 18 to 20 inches tall blooming primarily in early summer. Cutting this plant back by 1/3 after blooming may encourage sporadic re-blooming in late summer. Preferring afternoon shade it is best to water this plant in the morning.	\$ 12.00		460	STELLA D'ORO DAYLILY This is one of the top daylilies in the country. It will bloom thru the summer and into the fall growing 14 to 16 inches tall. The bright yellow blooms are fragrant and grow in sun or half sun. Besides being very low maintenance this daylily does attract butterfly.		\$ 12.00
446	LIRIOPE: There's no groundcover known to humankind that's as successful as liriopie at preventing erosion on even the steepest hillsides, And surviving wet or bone dry conditions, and doing all that in full sun or deep shade.	\$ 12.00		462	VIOLA HALO LILAC Large, long-lasting, lilac blue flowers with white eyes and yellow centers above heart-shaped leaves. Ideal for border edges or in a moist woodland location. Takes dry to medium soil in shade, needs consistent moisture in sun. Ideal for underplantings, as a groundcover, or on banks.		\$ 12.00
				463	LITTLE LEO DORONICUM Blooms prolifically even in full shade as well as sun and is one of the earliest blooming perennials. The brilliant yellow, daisy-like double flower.		\$ 12.00

This is only the beginning of our Perennial selection as we move through Spring many others will become available as they enter their blooming stage.
